

FINE ARTS DEPARTMENT WORKSHOP & EXHIBITION

March 25th, 20

Workshop

March 26th, 20 PCA Talk & Opening

PCA - F15 Space

The Fine Arts Department will offer a drawing workshop using experimental tools developed and created by the Masters in Drawing students at Paris College of Art. Event followed by an exhibition, a PCA Talk and an Opening reception hosted by L'AIR Arts, Artists-in-Residence Program

Yutavia George - Icecube - 2019

Drawing Tools

The l'AIR Arts residents will be invited to test, play with, and explore analogue and digital drawing tools designed and instructed by our students, led by Chloe Briggs and Véronique Devoldère.

- Day 1. - Meeting at 9 am, drawing sessions begin :
- Participants are invited to select an analogue drawing tool and follow instructions for use written by the student who invented it.
 - Participants are free to work with different tools throughout the workshop.
 - Lunch break from 1-2 pm.
 - Participants test drawing "machines" involving technology, designed by the Masters in Drawing students.
 - End of workshop at 5 pm.

- Day 2. Is dedicated to the exhibition, a PCA Talk: (RE)PRODUCTION: Reframing motherhood in contemporary art at 6:30 pm, followed by an opening reception at 8 pm.
